Re: Case No. 5-08-0003

Dear Mr. Collins:

I have reviewed your concerns, referred to me from the Office of the Governor on February 7, 2008, in reference to the Bayou Postillion Water Quality Project.

There seems to be a difference of opinion on how the Bayou Postillion Water Quality project should have been handled. The Office of State Inspector General does not get involved in difference of opinions regarding engineering or permitting procedures. This is outside my office's scope and area of expertise.

This letter serves as notice that we are taking no further action and closing our case file. I appreciate your concern and if my office can assist you in another matter, you may contact us at (225) 342-4262.

Sincerely,
